

Product Name: LS-4052 Blue, LS4053 Green,
LS- 4054 Red, LS-4059 Violet, LS4058 Yellow,
LS-4050 Black

Product Code: 10626

Substrates Marked

Preferred: Cartons (Kraft and Coated)

Product Specifications/Characteristics

| | | | |
|-----------------------------|--|----------------------------|-------------------|
| UN Number | 1210 | Type | TIJ |
| Shelf Life | 3-6 months depending on storage conditions | Fluid Base | Hybrid |
| DOT Regulations | Class 3 Flammable Liquid | MSDS Sheet Number | 100336 |
| Colors Available | Black, Blue, Green, Red, Violet, Yellow | Drying Time | NA |
| Specific Gravity | 1.025 | Flash Point | 98.4 °F (36.9° C) |
| HMIS Rating | 1-3-0 | NFPA Rating | 1-3-0 |
| Operating Conditions | 50-104° F (10-40° C) @ 30-65% relative humidity | Recommended Storage | NA |

Description/Special Properties

The LS-4050 Series Inks are water/alcohol based inks for printing on Kraft and Coated cartons. These inks are fast drying hybrid inks with excellent edge acuity and the ability to print on coated boxes with very fast drying. They have also been designed to have excellent de-cap time. These inks were customer developed using FDA compliant and USDA approved ingredients for printing on the sides of boxes. These inks have been formulated using all FD&C ingredients and USP grade diluents thus meeting the compliance standards set by FDA and USDA for direct or indirect contact with food.

Formulations Available

| Item Number | Name | Unit of Measure |
|-----------------------|---------------------|----------------------|
| 71078643/10626-902-87 | LS4050 SU Black Ink | Single Use Cartridge |
| 10626-905-87 | LS4052 Blue Ink | Single Use Cartridge |
| 10626-910-87 | LS4053 Green | Single Use Cartridge |
| 10626-918-87 | LS4054 Red | Single Use Cartridge |
| 10626-940-87 | LS4059 Violet | Single Use Cartridge |
| 10626-923-87 | LS4058 Yellow | Single Use Cartridge |
